

Nomination of Life Members.

While it may seem a little unusual to make two appointments in the one year, it's not often that a Club is so fortunate to have 2 such eligible people serving at one time. To quote from the Club's constitution:

- (ii) Honorary members or honorary life Members being those Members appointed at a properly constituted Annual General Meeting in recognition of services rendered in promoting the interests and objectives of the Association;

Ann Blatchford. (Nominated by Nick Phillips)

Driven by the desire to put back into the sport what the sport has given her daughter Liz. Ann has been a continuous member for the last 10years. Serving on the committee for the last five years - always actively supporting and driving most issues that affect the sport.

Founder, promoter and director of the Tri stars program at North Coast that now boasts the largest contingent of any WA club.

TWA junior race co coordinator for state team selection races. The voice behind promotion of juniors in the sport and development of the junior program with TWA and North Coast.

A person always willing to give up her time to do something for the juniors or the club - no matter what day of the week Ann will be there.

Always available to give sound advice, support and encouragement no matter who requires it.

A competitor in her own right - mainly when the club needs points, again we can count on Ann to participate.

Our junior movement has been inspired by the leadership and dedication Ann has displayed in supporting this group as the future potentials of the sport which is Ann's major objective. How fortunate we are as a club to have people like Ann Blatchford so dedicated to the unselfish development of others.

Dave Norton. (Nominated by Nick Phillips)

A fierce competitor in his age, group always training and always competing as well as finding time for the following achievements:

- 7 years on the club committee
- 2 yrs as Treasurer
- 1yr as Vice president
- 3 yrs as President
- 2yrs as club historian
- 5yrs producing the Club Yearbook
- 2yrs delivering the "What's Happening" bulletin
- 4yrs organizing junior rides Thurs & Sat mornings
- Club Person of the year 2000 & 2005

The driver behind the SSLSC & NCTC arrangement to share facilities.

What a list of achievements for a short period of time that this great man has delivered for the betterment of the North Coast member base. Dave has been the driver of so many initiatives within the club that without that drive North Coast would not be where it is today.

It has been a great honor for me to be able to nominate Dave for Life membership. Such a fitting recognition for the continuous effort and enthusiasm that he has injected to the club community year after year. With such a strong club focus for the betterment of the member base how fitting it would be to have Dave inducted as a North Coast Life member.

Ann & Dave were both unanimously voted in as life members.
